Trustworthiness

"A liar will not be believe, even when he speaks the truth."-Aesop

- Are you honest in your words and actions?
- Do you keep your promises?
- Do you stand up for your beliefs and do what is right?
- Are you a good friend?

Trustworthiness means living with integrity, being honest, reliable and loyal.

=====
"Honesty is the best policy."-Cervantes

Intramural Track Meet

The Beloit Elementary Intramural Track Meet for grades 4th, 5th and 6th will be held on Wednesday, May 9th, beginning at 8:30 AM and ending approximately 12:00 PM. All students will sign up for 3 track or field events to participate in that day.

Please make sure your child wears tennis shoes. No track shoes are allowed. We are always in need of parental help at the track meet, especially the field events. If you could help, contact me by email, or phone at the school and tell what event you would be willing to help with. Thanks for your support!

A Quick Look At The Calendar with Activities, Picnics and Field Trips Yet to Come!

As your child's class prepares for the end of the year, a picnic is scheduled at each grade level. When your child's picnic date is scheduled, we do hope for good weather. But, we do have to remind you if it does rain, you should still send your child's picnic lunch. We have already planned for them not being here and lunch will not be prepared for that class on their scheduled picnic day.

May is Bike Safety Month

Summer and Bikes Can Be Deadly

Did you know that bikes are associated with more childhood injuries than any other consumer product except automobiles? Sadly, child bicycling deaths increase 45% above the month average in the summer. With 27.7 million children riding bikes, we know there are too many of those kids riding without a helmet.

Top Bike Safety Tips

- Make it a rule: every time you and your child ride a bike, wear a bicycle helmet that meets the safety standards developed by the U.S. Consumer Product Safety Commission.
- If your child is reluctant to wear a helmet, try letting him or her choose his own.

Helmet fit is important.

- Make sure the helmet fits and your child knows how to put it on correctly. A helmet should sit on top of the head in a level position, and should not rock forward, backward or side to side. The helmet straps must always be buckled but not too tightly.

•

Try the *Eyes, Ears and Mouth Test*:

- *EYES check*: Position the helmet on your head. Look up and you should see the bottom rim of the helmet. The rim should be one to two finger-widths above the eyebrows.
- *EARS check*: Make sure the straps of the helmet form a "V" under your ears when buckled. The strap should be snug but comfortable.
- *MOUTH check*: Open your mouth as wide as you can. Do you feel the helmet hug your head?

Proper equipment fit and maintenance are also important for safety.

- Ensure proper bike fit by bringing the child along when shopping for a bike. Buy a bicycle that is the right size for the child, not one he will grow into. When sitting on the seat, the child's feet should be able to touch the ground.
- Make sure the reflectors are secure, brakes work properly, gears shift smoothly and tires are tightly secured and properly inflated.
