@BeloitTrojans

Hello Parents and Students,

I hope the summer finds you doing well and you are enjoying your time off from school. While the summer seems to fly by more quickly each year, I am thankful for the opportunity to recharge and get ready for a fantastic school year. I am incredibly excited for 2017-18 and am looking forward to August and the return of students. Please refer to the enclosed sheet for all times and dates of upcoming events.

While there are many physical changes to the building, there are also a few new faces joining the teaching staff. The new teachers are Mrs. Kyla Slate (Freshman/Junior English), Miss Meredith Clark (Sophomore English), Mrs. Josie Burke (High School Business), Mrs. Christie Fouts (Jr. High Technology), Mrs. Ashley Long (High School Interrelated), Mr. Jake Rutledge (Agriculture) and Mr. Brad Gober (American Government).

Enrollment will take place the same as last year using the online enrollment process. The online process will open on July 31st. Each family will need to login through Skyward Family Access (SFA) and complete the step by step registration process. If you do not have SFA, you will need to register for this prior to enrollment. Registration can be done by contacting the office at 738-3593 or emailing bjshs@usd273.org. There will be computers set up at enrollment for those who need assistance in completing the process; however the majority of the process can be completed prior to enrollment. Fee payment and finalizing enrollment will be held in the commons area at the high school in the morning on August 3rd and 4th. We are currently working to have online bill pay in place before enrollment, so please be sure to check Skyward.

All students, grades 7 through 12, will continue to have the opportunity to use a Chromebook this year. Students and parents must sign an agreement relating to use and regulations prior to the Chromebooks being checked out in grades 7-12. Students in high school will be given a Chromebook they are responsible for at all times; junior high students will have the opportunity to check a Chromebook out from the library if needed for classes. There will be a Chromebook orientation in the commons for **ALL** incoming freshmen and new high school students and parents on August 9th and 10th. Parents who have gone through the orientation previously are not required to attend.

Impact Testing will be offered free of charge again this year. Mary Gray and the hospital staff will help administer this test to our students. This test is typically taken by students in the 7th, 9th, and 11th grades but is open to all students. The test gives a baseline for medical personnel to use for determining if a student had a concussion, and when they are cleared to return to activity.

Mrs. Eilert and I will hold orientation meetings to go over the many different aspects of each high school grade for parents and students. These meetings will cover key information including important dates, events, opportunities and expectations for the upcoming year. Chromebook checkout will take place after orientations each night – all students must sign the Chromebook agreement before checking out a computer.

I am excited about the upcoming school year and look forward to seeing everyone at enrollment. Enjoy the rest of your summer!!
