

HARLEY DAVIDSON® MOTORCYCLE TECH

About the program

Fort Scott Community College offers the only training center in the world that focuses exclusively on Harley-Davidson® motorcycles. Through FSCC, students have the opportunity to gain valuable, hands-on technician training in a shop environment. Students can pursue a one-year certificate or two-year associate degree.

Internships available

Students may complete a summer Harley-Davidson® internship to better prepare to begin a new and lucrative career as a motorcycle technician at one of the many dealerships across the United States.

Enroll now

Spring enrollment begins October 25. For more information, please call Judy Meister, FSCC Occupational Recruiter, at 620-704-5905 or visit fortscott.edu.
