Scholarship & Tool Allowance Program

- Financial assistance for both tuition and tools for qualified students entering a two-year diesel tech program
- Students must be willing to commit to a 36 month work term post-graduation.
- LDI will purchase the standard toolbox and tools listed on the program's recommended tool list, up to \$10,000
- For semesters 2 - 4, LDI will pay up to 100% of students tuition depending on students GPA
- Scholarship program is available to students attending a two-year diesel tech program only
- Students who have started a two-year program are not eligible for the tool portion of the program, but eligible for the tuition portion if they have not started their final semester
