

2024

NURSE ACADEMY

Step into the shoes of a frontline nurse in this 1-day immersive experience.

This amazing opportunity is hosted by The University of Kansas Health System in collaboration with the University of Kansas School of Nursing.

Join us to learn more about the nursing profession, the impact you can make, and the lives you can change!

What to expect:

Hospital Department Tours

Visit units and clinics throughout the health system and learn about their distinct patient populations

Learn and Practice

Learn and practice skills such as CPR, handwashing, assessment, needle sticks, delivering babies, and more!

Explore Various Fields of Nursing

Discover many different types of nursing specialties and learn what makes each nursing field unique.
