

IKB CONTROVERSIAL ISSUES**IKB**

If education is to remain a viable force, controversial issues cannot be ignored. Good teaching techniques provide, however, that adequate preparation on the part of student and teacher take place before controversial issues are explored. Every controversy has two or more sides; it is therefore imperative that teachers ensure that all issues, facets and questions of any controversial subject are thoroughly studied.

Included in the area of controversial subjects are ideas, words, movies, still pictures, religions, books, socioeconomic aspects of life and political policies, theories and platforms are examples. Teachers should be aware that controversy may spring from the most innocuous beginnings and be prepared for it to the best of their ability.
