JGAA-R STUDENT WELLNESS

JGAA-R

The superintendent and his/her staff shall develop and enforce the necessary rules and regulations relating to student wellness.

All rules and regulations relating to student wellness are to be presented to the board for its action.

The building principal, in cooperation with the district nurse and food service director, will periodically review the district-wide wellness plan for compliance within the building.

Each building principal shall have a copy of the wellness plan in the building office. The building principal shall be responsible for reviewing the plan with the teachers, students, and parents on an annual basis.

This policy shall support the federal and state requirements by establishing local nutritional guidelines for all foods and beverages made available to the students in USD 273 during the school day. These guidelines shall give attention to healthful foods and beverages, physical activities and wellness education with the goals of preventing and reducing childhood obesity.
