

JI STUDENT VOLUNTEERS

JI

Students are encouraged to volunteer their time and services to school-sponsored activities and to community activities so long as their studies are not adversely affected.

Public Service

The district encourages students to become involved in public-spirited activities associated with legitimate civic and related organizations. The district, however, prohibits students from working for such organizations in a volunteer capacity during school time unless prior approval is granted by the building principal.

Student Performances (Cf. JH)

Students will not participate in any community activities during school hours without the prior permission of the building principal.
