**KDC-R**

Agents, solicitors and salesmen shall be discouraged from distracting teachers or students from normal student or teaching activities.

The students and faculty of the district shall not be used to promote commercial or private financial interests, either through direct sales or through promotion of competitive goods or services.

This rule applies to those activities, promotions and sales originating outside the school. Exception to this rule as written above will be made in the case of jointly sponsored school activities and school-sponsored parent-teacher activities.

Materials and projects submitted for consideration under this rule must be made, in writing, to the superintendent. Requests will be considered in light of good taste, appropriateness and the proposal's direct contribution to the educational values in the school. Consideration shall be given, at all times, against unreasonably added work and responsibility for staff members.

Any individuals or organizations violating the policy on solicitations shall be reported to the board by the superintendent. Violators may be denied further access to school premises by board action.
