## **KGD-R CROWD CONTROL AT SCHOOL SPONSORED ACTIVITIES**

**KGD-R**

### General Procedures

The following guidelines are for the use by principals in the event of disturbances, disorder or demonstrations on or near the school site and apply to both students and adults.

The final decision for determining the nature of assistance needed at a disturbance, disorder or demonstration is the responsibility of the school principal. In the absence of the principal, the determination is to be made by the assistant principal or the person designated to be in charge of the building or activity.

The school administration and staff are responsible for handling any student or problems caused by adults. The superintendent shall be notified immediately of any serious problem at the school. The principal shall seek the advice of the superintendent, as well as informing him/her of any decisions and progress toward resolving the problem.

In the event disturbances are caused by adults or nonstudents, the appropriate law enforcement officials will be called for assistance. The chief administrative police officer or his/her designee should be alerted ahead of time when problems are suspected. Such official will direct the activities of the police at the scene of any disturbance. The principal will serve as liaison when police are on the scene. It should be remembered that even though police have been called, they look to the school administration for direction on what the school wants done. It is understood that police powers and authority have priority when police have been called for assistance.

### Specific Procedures

In the event of a disturbance or disorder, the principal shall make an immediate assessment of the situation to determine the danger or potential danger to students, personnel, patrons or school property. If there is apparent danger to any of the above, steps shall be taken immediately to reduce or eliminate the danger by whatever means necessary as granted under the principal's authority to discipline or maintain crowd control.

The principals shall decide upon a course of action and, to the extent possible, inform the school staff so that all can cooperate in carrying out that decision. It is desirable that and personnel involved in any such cooperation be equipped with walkie-talkies for instant communication.

The principal “on the scene” and in charge shall maintain a “log” in which are listed the date, time and nature of each incident, the names of persons involved and a description of action taken.

Whenever the situation requires the assistance of the police, the principal or his/her designee shall request such assistance. Police action will be determined by police officials and their assessment of the situation.

The board wishes to emphasize that any persons who create disturbances or disorders at any school activity will be prosecuted to the full extent of the law. The principal “on the scene” and in charge will sign the necessary complaint papers or encourage available witnesses of the act to do so. In any event, a complaint will be signed. The board’s attorney will take whatever action is necessary to expedite proceedings to prosecute anyone causing a disturbance at a school function.
