## About the Class

This class shows you how to control the ACT instead of letting it control you. Learn test-taking strategies that help you score higher.  
(This is not a practice test.)

## Why students choose us!

"My first ACT I scored a 23 composite. I got my results back from the October 26th test (my second test) and met my goal! My composite score (and super score) is now a 26! My Reading score is up 8 points, and English is up 5 points! I want to thank you very much for your help and tell you how grateful I am to have been able to take your course and I don't know if I could've done it without you."

-- Mack, Raymore-Peculiar High School (November 2024)
